

## **Sarcoma Foundation of America**

### ***Stand Up to Sarcoma Awards***

Stand Up to Sarcoma is the flagship event for the Sarcoma Foundation of America (SFA), featuring extraordinary honorees, tributes to sarcoma cancer survivors and advocates, and recognizing important advances in science and research.

Each year the event highlights outstanding sarcoma advocates with the Courage Award, honors a researcher or doctor advancing groundbreaking research with the Nobility in Science Award and recognizes an organization or person providing hope to patients with the Vision of Hope Award. These international awards are the highest honor SFA bestows and are awarded each year at the Stand Up to Sarcoma Gala.

#### **Courage Award**

Courage Award Honorees illustrate, through their personal efforts and actions, sarcoma advocacy. These individuals are patients, survivors, caregivers, and advocates who inspire others by using their platform on behalf of sarcoma patients and survivors to create hope and a better life for the sarcoma community. Many do not think they have done something special but who have inspired others and are making a difference for sarcoma patients and their families. The Courage Award honors patients who have demonstrated strength and perseverance in their sarcoma diagnosis.

**Previous honorees have included:** Mark Herzlich; The Giordino Family; Patrick Mortimer; Corrie Painter, PhD; Carole Radziwill; Evan Ruggiero; Kurt Weiss, M.D.; Amira Yunis.
