

Sarcoma Foundation of America

Stand Up to Sarcoma Awards

Stand Up to Sarcoma is the flagship event for the Sarcoma Foundation of America (SFA), featuring extraordinary honorees, tributes to sarcoma cancer survivors and advocates, and recognizing important advances in science and research.

Each year the event highlights outstanding sarcoma advocates with the Courage Award, honors a researcher or doctor advancing groundbreaking research with the Nobility in Science Award and recognizes an organization or person providing hope to patients with the Vision of Hope Award. These international awards are the highest honor SFA bestows and are awarded each year at the Stand Up to Sarcoma Gala.

Vision of Hope Award

The Vision of Hope Award is presented to a person or organization through public or private actions has resulted in the advancement of care, treatment or awareness for sarcoma patients. The honoree impacts the lives of sarcoma patients and survivors providing them hope for a better future and whose achievements provide increased hope for better patient outcomes.

Previous honorees have included: Roger Altman; George Demetri, MD; Jonathan Lewis, MD, PhD; JoMarie & Vincent Pica; Lilly Oncology; Stryker, Inc.
